•	CITY OF ELEKTROSTAL, (WESTERN SECTION) 50X1 Elektrostal (N 55-47, E 38-28), Moskovskaya oblast, was an industrial city in the flat, agricultural area east of Moscov.	1-HU
	section of the city where many new four and five-story, brick apartment 50X	1-HU
	buildings were under construction in 1953 - 1956. The Elektrostal	
	electric power plant supplied current in unknown voltages for industrial and domestic use. There were no natural gas lines, and coal was used for fuel. The local source of water supply and the type of sewage disposal system were unknown. There were no public transportation systems within the city; Noginsk (N 55-50, E 38-28) was accessible by bus, and a railroad line connected Elektrostal with Moscow. Elektrostal received telecasts from Moscow TV stations.	
•		
	The bus from Noginsk stopped on Polyarnaya ulitsa, Krasnaya ulitsa at the Elektrostal Heavy Machinery	
	Plant, and then crossed the railroad tracks and continued on to its bus station near Factory No. 12.	1-HU
	Machinery Plant were two of the main industrial installations in Elektrosta	
	identified military personnel were seen in the city, but the location, mission and strength of their respective units were unknown. The Elektrostal Heavy Machinery Plant and the Novo-Krematorskiy Heavy Machinery Plant were two of the main industrial installations in Elektrostal	(1-HL
